

creating connections, inspiring success

Athena has Launched in Felsted, Essex

We understand that people love to do business with individuals or businesses that have been recommended to them. Every day, just by talking to people, we pass on business leads.

Athena introduces local women who are serious about growing and developing their business to each other and provides women in business with opportunities to make strategic connections with professionals in a wide range of industry sectors.

Whether you are new to business or have been established for a number of years you will undoubtedly realise how beneficial it is to build relationships with other businesses. As an **Athena** member you can enjoy the lunchtime networking meetings and other events, giving you the opportunity to raise your profile, meet new contacts, develop valuable business expertise and explore visionary ideas.

Vibrant and fast-growing, **Athena** is the UK's premier business networking organisation for women in business and is establishing a significant international presence. If you would like to **grow your business** with a vibrant group of focussed business women please join me at the launch:

Date: 3rd Thursday of every month
Time: 12 – 2pm
Venue: The Swan, Station Road, Felsted CM6 3DG

One of the main reasons ladies join **Athena** is to gain new business. Although we are not a referral organisation and don't apply this pressure to our members, business is constantly being passed, so if you're looking for new business then membership in Athena can certainly help.

**To book your place or for more information, please contact Shelley Morris-Wingfield
